Date: 13.3.1988

This is to certify that M/s. Associated Builders Corporation Ltd., 30, Tipu Sultan Road, Dhaka-1000 was awarded the Contract for the Construction of Workshop, Hostel, Staff Housing, Guest House and Boundary Wall at Khulna Technical Training Centre under IDA Vocational Training Project at an approximate cost of Tk. 5.10 crore under a single contract. The work order was issued to them on 26.7.82.

The work consists of Construction of R.C.C. Workshop (framed structure) on R.C.C. foundation and one-storied, two-storied and four-storied buildings on strip foundations. The work also includes all Sanitary, Drainage, Roads and Electrification works of the buildings costing about Tk. 80 lac. (Electrification work Tk. 51.50 lac)

Under the same contract, some additional works were to be executed by the Contractor. This includes construction of a R.C.C. Over-Head Water Tank at a height of 100' from ground costing about Tk. 25 lac.

The Contractor mobilized their manpower, equipments, resources and started construction at Site immediately after receiving the Letter of Intent from us. Due to non-availability of steel at site (to be supplied by us), initially the work could not be started as per programme. However, the situation improved subsequently and the work was taken up in full swing. The project was handed over to us on 6.11.85 within the stipulated time period.

The performance of M/s. Associated Builders Corporation Ltd. was found to be very satisfactory.
