12.	<i>Complementary Boundary Wall</i>	<i>Tk. 5,92,370.00</i>
13.	<i>Miscellaneous Civil Works</i>	<i>Tk. 2,21,88,779.00</i>
	Grand Total	TK. 20,04,35,510.50

The contractor mobilized their resources soon after signing contract with us. They deployed required number of professional personnel and sufficient numbers of their own heavy construction equipments like bulldozers, graders, excavators, pay loaders, vibro-rollers, cranes, dump trucks, trucks, water pumps, piling equipments, diesel hammers etc. to complete the work on time. Other machineries and equipments like mixture machines, water pumps, vibrators, generators etc. were also used. The whole project costing Tk. 200.4 million (approximately) was substantially completed on 30th May, 2001. The contractor's performance in respect of quality, time schedule and construction management is highly commendable.

We wish them every success.
